OVERVIEW

"He brings a great ability to strategize and put together a very strong plan which can be executed. He is organised, reliable and responsive."

Chambers USA 2024

Marco Paredes helps clients formulate and execute strategies to achieve their desired policy goals by analyzing, regularly tracking the progress of, and advocating for and affecting state legislation and regulation impacting clients' business interests and priorities.

Marco provides clients with strategic guidance and insight, pulling from his experience developing and implementing policy, his established professional relationships with legislators and agency staff, and his broad knowledge of the process and issues before the Florida Legislature, state government agencies, and local governments.

Marco has over 18 years of experience in the public and private sectors. His legislative, executive agency, and public policy experience is diverse, having served as a liaison to the executive and legislative branches of government. Through varied former positions, Marco established a deep understanding of the policy-making process at the federal, state and local levels.

Prior to joining the firm, Marco served as Associate Director for Health for an influential state advocacy organization; as Vice President of Regional Governmental Affairs for a Fortune 500 managed healthcare company; as Legislative Affairs Director for the Florida Department of Health; as Senior Manager of State Governmental Affairs for one of the world's leading biotechnology companies; as Director of Public Policy and Government Relations for a major children's hospital in Miami; and as Legislative Director for a Miami Dade County Commissioner.

Areas of Concentration

Governmental & Agency Affairs
Bill & Amendment Drafting
Issues Research & Management
Intelligence Gathering, Evaluation & Monitoring of Legislation
Legislative Strategy
Florida Executive Branch and Agencies
Florida Legislature
Federal Agencies
Local Governments
Coalition Management
Public Policy
Public Relations
Health Policy
Ethics Compliance
Strategic Political Counsel

REPRESENTATIVE EXPERIENCE

Drafted and passed legislation that helped clarify statute ensuring that all credits against impact fee collections must be made regardless of any provision adopted by a local government. This change assisted an existing client with their ongoing negotiations with a local government.

Represented developer client in passing omnibus legislation that made changes to Chapters 718, 719 and 720 of Florida Statutes clarifying how community association boards can operate during a state public health emergency, streamlined community documents and increased transparency. The bill also removed an onerous conflict of interest provision from statute affecting client's community association.

Worked collaboratively with a client and the National Guard Association of Florida to secure a state appropriation of \$4 million for a workforce training program that allows the client to continue to provide their training services to members of Florida's National Guard.

Collaborated with the Land Development group and broad developer coalition to draft and ultimately pass legislation, which allows the transfer of impact fee credits within the same impact fee zone or district, or an adjoining zone or district within the same local jurisdiction.

Coordinated rate setting strategy before state agency for health care company's Medicaid managed care business in Florida resulting in a significant rate increase as well as the creation of proposed quality measures for people with serious mental illness.

Led managed care business development in other states including collaborating with external stakeholders on managed care concept using new flexibility for institutions for mental disease (IMD) hospitals to treat the mentally ill who are uninsured and renewal of existing state contract for care coordination of children in out of home placement.

Passed state agency priority legislation on several public health issues such as health care practitioner licensing, public health emergencies, regulation of pain management clinics and newborn screening.

Collaborated with state agency senior leaders to direct legislative engagement and outreach on several emerging public health threats.

Secured federal appropriation of \$4 million for various health care capital projects.

Passed local ordinances on such issues as campaign finance, price gouging, and the creation of a motorcycle based fire-rescue pilot program.
