PRACTICE AREAS

[Real Estate](#)

OVERVIEW

Samantha Foster represents national and local homebuilders and developers in an expansive range of matters related to the formation, development, and operation of homeowners, property owners, and condominium associations. Samantha has represented clients in the development of communities in the majority of jurisdictions across the state of Florida, ranging from a few dozen homes to large, master planned communities. Samantha has experience with residential, age restricted, commercial, and mixed-use developments. She has also represented clients in a wide range of other real estate transactions, including the acquisition, development, and disposition of real property.

Areas of Concentration:

Community Development & Project Structuring

Prepare and structure governance related documentation for homeowners' associations and property owners' associations

Due diligence for the acquisition of residential lots and condominium units

Preparation of cost sharing agreements, easements, license agreements, and other restrictive covenants and agreements

Preparation of purchase agreement disclosures, including community disclosure and information addendums

Transactional Real Estate

Prior to joining the firm, Samantha was an associate at a law firm in Atlanta, GA. Her internship experiences includes positions at a local bar association, a legal nonprofit, and a national title insurance corporation.

REPRESENTATIVE EXPERIENCE

Represents national and local builders and developers in the formation, structuring, and governance of homeowners' and property owners' associations located in various jurisdictions across the state of Florida.

Represents builders and developers in the preparation and registration of condominium documents for various condominium products.

Represents builders and developers in the formation, structuring, and governance of multi-use and build-for-rent communities.

Represents a Fortune 500 homebuilder in the formation, structuring, and governance of communities across the state of Florida.
